

# WCAG Plugin

Search and drop accessibility cards into  
your design files.

Alpha release (1.0)

# Accessibility review sessions just got better!

Let's review this lovely card component with our  
Accessibility specialist.

## My Heart's Delight

Every moment with you is a beautiful dream.  
Your laughter is my favorite melody, and your  
smile, my cherished sight.

Thank you for being my confidant, my best  
friend, and the love of my life. I am endlessly  
grateful for you. You are my heart's delight, now  
and always.

Try 2.5.5 or hit enter to explore.

18 guidelines found

**1.1.1 - Non-text Content (A)**

All non-text content that is presented to the user has a text alternative that serves the equivalent purpose, except for the situations listed below.  
<https://www.w3.org/TR/WCAG22/#non-text-content>

Drop card

**1.2.1 - Audio-only and Video-only (Prerecorded) (A)**

For prerecorded audio-only and prerecorded video-only media, the following are true, except when the audio or video is a media alternative for text and is clearly labeled as such.  
<https://www.w3.org/TR/WCAG22/#audio-only-and-video-only-prerecorded>

Love Bites Component

## Accessibility Notes

Specialist: Marcelo Paiva

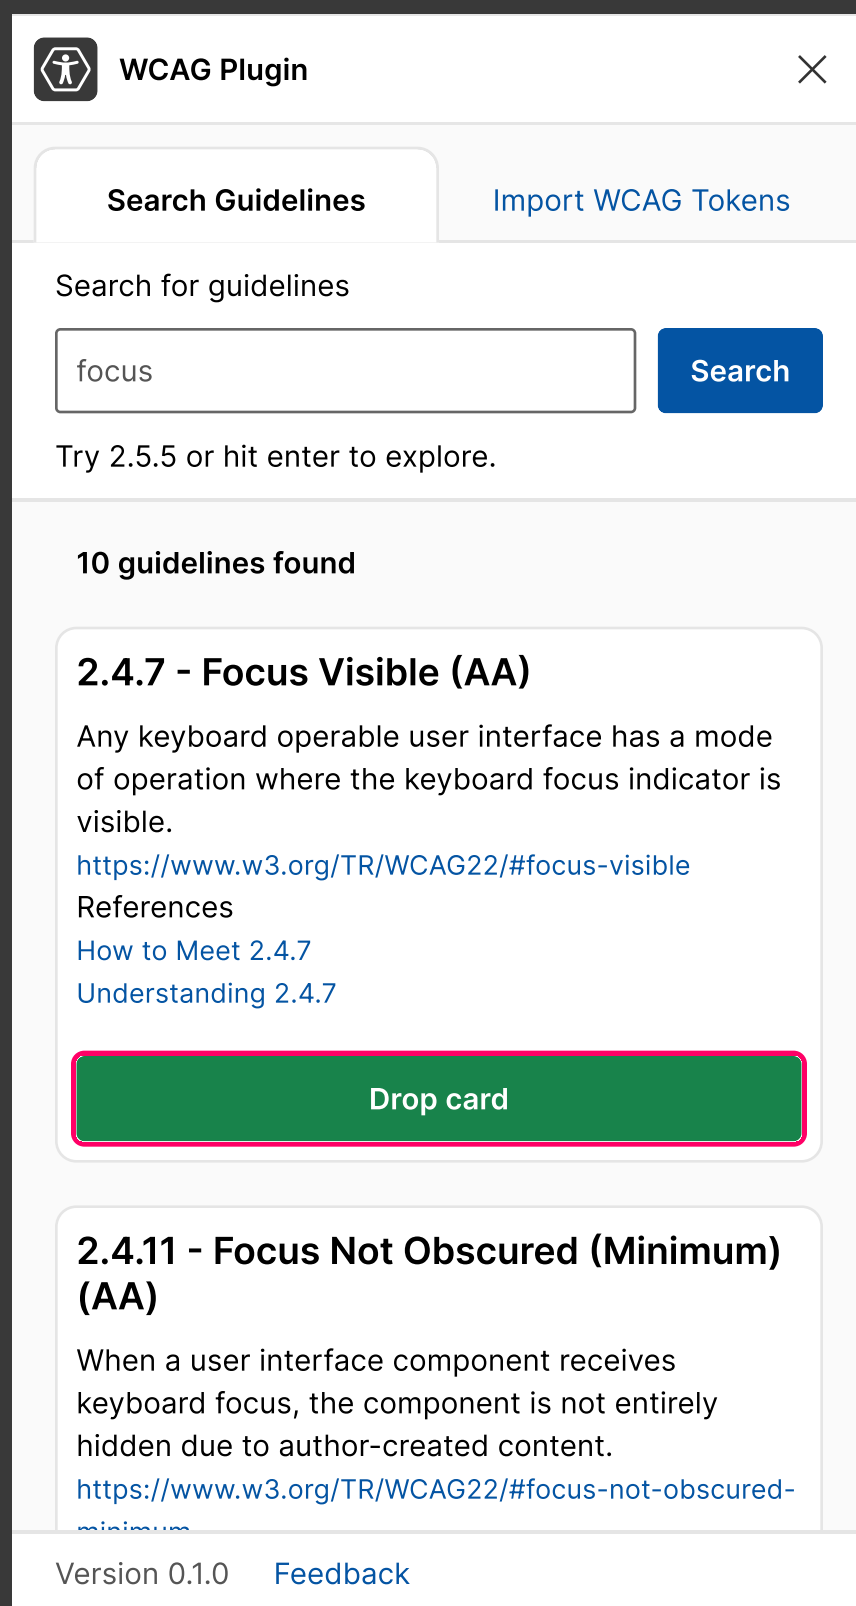

Date: May 17, 2024

- 1 2.4.7 - Focus color and width should match the official design
- 2 2.5.5 Button target size as best practice
- 3 1.4.3 - Increase the contrast for the main content.
- 4 1.4.12 - Please review the text spacing, this could create a barrier for the neuro-diversity group.

This is great, but it gets better...

# WCAG Cards

Accessibility specialists drop the WCAG cards to review the guidelines with team members.

## 2.4.7

### AA

## Focus Visible

Any keyboard operable user interface has a mode of operation where the keyboard focus indicator is visible.

<https://www.w3.org/TR/WCAG22/#focus-visible>

## References

### How to Meet 2.4.7

<https://www.w3.org/WAI/WCAG22/quickref/#focus-visible>

### Understanding 2.4.7

<https://www.w3.org/WAI/WCAG22/Understanding/focus-visible.html>

That's way better than going to a browser for reference!  
There's one more thing...

# WCAG Tokens

As an option, designers can import the WCAG Tokens as Figma variables and use the accessible recommendations.

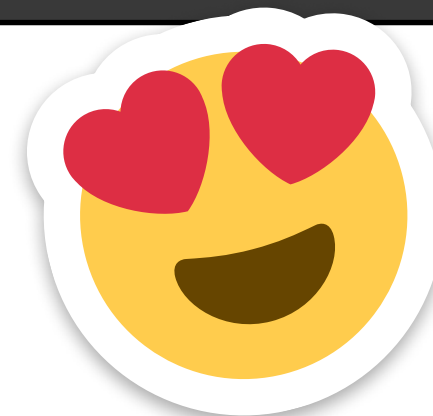

Default Collection	...	<div><div></div></div> <div></div>			×	
All variables	43	Name	Value	+		
1-2-4 Captions Live (AA)		<div><div></div></div> wcag-focus-visible-color	<div><div></div></div> 0088FF			
1-4-1 Use of Color (A)		<div><div></div></div> wcag-focus-vis... -width-px	2			
1-4-3 Contrast Minimum (AA)		<div><div></div></div> wcag-focus-visib... ne-style	solid			
1-4-4 Resize Text (AA)						
1-4-8 Visual Presentation (AAA)						
1-4-10 Reflow (AA)						
1-4-12 Text Spacing (AA)						
2-4-7 Focus Visible (AA)						
2-5-5 Target Size (AAA)						
2-5-8 Target Size (AA)	<div><div></div> Create variable</div>					

So simple!

# Accessible love bites for everyone!

Our component is accessible!

## My Heart's Delight

Every moment with you is a beautiful dream.  
Your laughter is my favorite melody, and your  
smile, my cherished sight.

Thank you for being my confidant, my best  
friend, and the love of my life. I am endlessly
